Projects

HueHaven | [GitHub](#)

Mar'26 - May'26

- Designed a GUI-based application that empowers users to explore, generate, and organize color palettes with enhanced usability and smooth navigation.
- Implemented Java Swing and AWT components with event-driven architecture, real-time color rendering, and HEX/RGB conversion using OOP-driven modular design.
- Delivered a production-ready palette manager enabling persistent storage of custom themes, improving user productivity and design consistency.
- Tech Stack:** Java, Swing/AWT, Java-supported DB

Retail Sales Performance Dashboard | [Github](#)

Nov'25 - Dec'25

- Designed an interactive Power BI dashboard analyzing multi-year retail sales trends across ~293K transactions and ~87K customer records.
- Built Power Query and DAX transformation pipelines to compute key business KPIs from over ₹410M in revenue, identifying critical growth patterns.
- Engineered a scalable data model enabling efficient performance tracking and faster data-driven business decision-making.
- Tech Stack:** Power BI, Power Query, DAX, Data Modeling, Data Visualization, Excel

TAX Data Analysis | [GitHub](#)

Feb'25 - Apr'25

- Analyzed taxable sales distribution and multi-year trends using Python, deriving meaningful patterns and growth insights from large datasets.
- Compared taxable sales with computed tax values and highlighted the top five tax-contributing countries through precise analytical methods.
- Computed total taxable sales per country and developed clear, insightful visualizations using Pandas, Matplotlib, and Seaborn to support data-driven decision-making.
- Tech Stack:** Python Pandas, Matplotlib, Seaborn

Training

Summer Training | Centre for Professional Enhancement, Lovely Professional University | [Certificate](#)

Jun'25 - Jul'25

- Successfully completed summer training in Full Stack Web development, focusing on building responsive and interactive applications using React.js and creating server-side logic with Node.js.
- Developed and deployed RESTful APIs, integrated databases like MongoDB/MySQL, and worked on real world project modules following industry's best practices.
- Strengthened skills in frontend UI design, backend logic, version control and end-to-end application development with a focus on clean, scalable code.
- Tech Stack:** React.js, Node.js, Express.js, JavaScript, REST APIs, Git/GitHub, Heroku.

Certificates / Certifications

- Cloud Computing - NPTEL | [Certificate](#) Apr'26
- UAT For Interview - Udemy | [Certificate](#) Feb'26
- Software Development Processes and Methodologies- Coursera | [Certificate](#) May'25

Extra-Curricular activities

- Hack Quest - 24-Hours CTF Challenge | Concoction 2024 - Intra University Tech Fusion (LPU) Apr'24

Skills

- Languages:** C, C++, Java, Python, SQL, JavaScript
- Frameworks & Libraries:** Django, Django REST Framework, Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn, React.js
- Core Concepts:** Data Structures & Algorithms, OOPs, DBMS, Operating Systems
- Tools / Platforms:** Tableau, Power BI, Excel, Git, GitHub, Docker, Jenkins, REST APIs, Data Analysis, Data Visualization
- Soft Skills:** Problem-Solving, Team Player, Adaptability

Education

Lovely Professional University

B. Tech - CSE | CGPA: 5.63

Aug'23 - Present

Phagwara, Punjab

Sanskar Srajan H.S. School

Intermediate | 74.4%

Jul'22 - Mar'23

Chhindwara, Madhya Pradesh

Sanskar Srajan H.S. School

Matriculation | 79.5%

Jul'20 - Mar'21

Chhindwara, Madhya Pradesh
